

# Kick Your Search Engine Placement *Through The Roof*

**Charter Connection's** website now refers 1 in 6 new clients since the inception of **Search Engine Optimization** plan

## Charter Connection gets noticed- *and how!!!*

Since hiring **EQSNET** to help optimize their website, **Charter Connection's** viewer ratings have taken off. Before optimization, the sales reps at **Charter Connection** used their website primarily as a passive marketing tool--sending customers there for more information. Since optimization however, people are finding **Charter Connection's** website on their own, and are keeping the phone ringing with requests for charters.

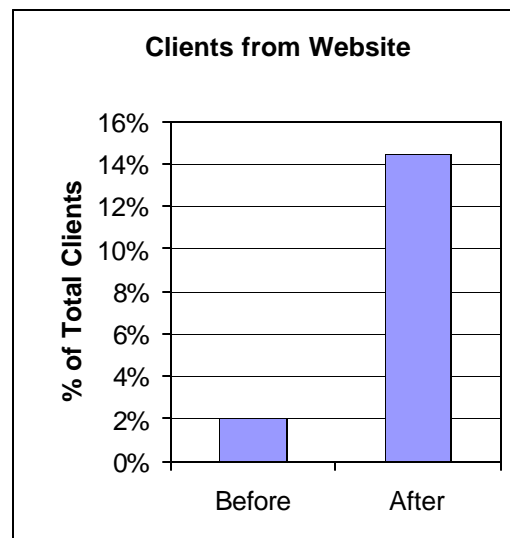

## Help Your Business Boom

**EQSNET** prides itself in being a one stop place for all of your graphic design and website needs. In addition to our design services, we offer hosting, domain name registration, website maintenance, database applications, CD Rom and multimedia presentations, and a variety of marketing tactics ranging from search engine optimization (SEO) to pay per click packages.

## More Viewers = More Revenues

Before **EQSNET** optimized their search engine placement, **Charter Connection** averaged about 2 in 50 clients that came to them from their website. After optimization, that number increased dramatically to 1 in 6, and now **28% of their revenues now come from clients who found Charter Connection's website.**

## How do you rank in the search engines?

Call **EQSNET** today for your customized **Search Engine Analysis**- a comprehensive report letting you know exactly where you stand in the major search engines, and what you can do to beat the competition and get higher ratings.
